**Re: Letter of Recommendation – Knutton Consulting**

Over the past 20 od years we've enjoyed the privilege of working with Knutton Consulting on various Building Projects where they've been employed by the Client as both Structural and Civil Engineers.

Our experience with Knutton Consulting is their industry trademark of cost effective, value Engineered design principles where clever solutions are found to complex Project challenges. As part of the Professional team they're quick to respond and meet target deadlines, an invaluable Project asset. We've found their professional fees extremely keen and negotiable, compared to the marketplace.

We remain supportive and keenly recommend Knutton Consulting to any Property Developer.
